Professional Experience

1.Improving Database Management Skills at Tyrus India Pvt Ltd (Jan 15, 2013 - Aug 8, 2013)

Process Executive.

During my time at Tyrus India Pvt Ltd (Jan 15, 2013 - Aug 8, 2013), I handled client employee data in an SQL database. I designed modules, ensured smooth server connections, and maintained data accuracy and security. This experience improved my database skills and fueled my passion for technology.

2. Aegis company from July 7, 2014, to April 12, 2017, where I was involved in international non-voice processes.

3.Concentrix company joined 29may2017 to 28 Feb 2019 Technical Support For Lenovo (One of There Client)

4.Web Expert at Crescent Core Connect Company (April 2019 - September 2022)

Crescent Core Connect Company, where I thrived from April 2019 to September 2022, allowed me to wear multiple hats as a skilled Web Designer, Web Developer, and Digital Marketing expert. My proficiency in Canva added a creative touch to our projects, ensuring visually captivating results. I actively engaged with clients to understand their unique web design preferences, translating their vision into reality. Additionally, I took charge of maintaining their websites, ensuring seamless functionality. My proactive approach involved providing timely solutions whenever challenges arose. Below are some of the projects I've had the privilege to work on:

Achievements

Client Satisfaction and Top Employer Achievements
